2.5 Rationale for the Proposed Renewal of Mandate

The Proposed Renewal of Mandate will enable our Group to continue to carry out recurrent transactions which are necessary for our Group's day-to-day operations and enhance our Group ability to pursue business opportunities, which are time-sensitive in nature and in a more expeditious manner. It will eliminate the need to make announcements and convene separate general meetings from time to time to seek shareholders' approval as and when potential recurrent transactions with a Related Party arise. This will substantially reduce expenses associated with the convening of such meetings on an ad hoc basis, improve administrative and cost efficiency and allow human resources and time to be channelled towards attaining other corporate objectives and opportunities.

Further, the Proposed Renewal of Mandate is intended to facilitate transactions to be entered into in the ordinary course of business of our Group which are transacted from time to time with the Related Parties which are carried out at arm's length basis on our Group's normal commercial terms and are not prejudicial to the interest of our shareholders and on terms not more favourable to the Related Parties than those generally available to the public and are not detrimental to our minority shareholders.

2.6 Benefits of the Recurrent Related Party Transactions

The benefits of the Recurrent Related Party Transactions to our Group are as follows: -

- (i) the Recurrent Related Party Transactions to be entered into by our Group are all in the ordinary course of business and intended to meet the business needs of our Group at the best possible terms so as to achieve synergistic benefits within our Group. As such, it is anticipated that the Recurrent Related Party Transactions would occur on a frequent and recurrent basis; and
- (ii) where the Recurrent Related Party Transactions involved the supply of goods and services from the Related Parties, our Group is expected to benefit in terms of costs effectiveness and administrative efficiency in its procurement process. For instance, our Group does not keep a high level of inventories and when there is an urgent need for certain raw materials from the Related Parties on an ad hoc basis, it can procure these raw materials promptly which will reduce the stock holding cost and eventually improve the profitability of our Group.

2.7 Effects of the Proposed Renewal of Mandate

The Proposed Renewal of Mandate will not have any effects on the issued share capital and the shareholding of the substantial shareholders of our Company.

Further, the Proposed Renewal of Mandate will not have any material effect on the consolidated NA and the consolidated earnings of our Company.

2.8 Amount due and owing by Related Parties

2.9 Review procedures and disclosure of the Recurrent Related Party Transactions

Our Directors propose the following measures to ensure that the Recurrent Related Party Transactions are undertaken on an arm's length basis and on normal commercial terms consistent with our Group's usual business practices and policies, which are not more favourable to the Related Parties than those generally available to the third parties or public and are not to the detriment of the minority shareholders of our Company:

- (i) the interested Directors and Major Shareholders will be informed and briefed on the procedures put in place for our Group by the management in relation to transactions to be entered into by our Group. The interested Directors and Major Shareholders are required to declare and disclose to our Board in a timely manner on transactions in which they are deemed interested;

- (iv) the Audit Committee will continuously review all Recurrent Related Party Transactions to ensure that relevant approvals have been obtained and the review procedures in respect of Recurrent Related Party Transactions are adhered to;
- (v) the Directors having interests in any Recurrent Related Party Transactions shall abstain from Board deliberations and shall ensure that the Major Shareholders and persons connected with them are also abstained from voting on the resolution approving the transactions;
- (vi) at least two (2) other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used as comparison, wherever possible, to determine whether the price and terms offered to/by the related parties are fair and reasonable and comparable to those offered to/by other unrelated third parties for the same or substantially similar type of products/services and/or quantities; and
- (vii) in the event that quotation or comparative pricing from unrelated third parties cannot be obtained, the transaction price will be determined by our Group based on the usual commercial terms, business practices and policies or otherwise in accordance with other applicable industry norms/considerations to ensure that the Recurrent Related Party Transactions are not detrimental to our Group.

2.10 Statement by the Audit Committee

The Audit Committee of our Company has seen and reviewed the procedures mentioned in Section 2.9 above and is satisfied that the abovementioned review procedures, are sufficient to ensure that these Recurrent Related Party Transactions will be made at an arm's length basis and are in accordance with our Group's commercial terms with third parties, business practices and policies and on terms generally in line with the industry norms and are not more favourable to the related party than those generally available to the public, and hence, will not be detrimental to the interests of our minority shareholders or disadvantageous to our Group.

The Audit Committee is also of the view that our Group has in place adequate procedures and processes to monitor, track and identify Recurrent Related Party Transactions in a timely and orderly manner and such procedures and processes are reviewed by the Audit Committee and/or the management staff annually.

2.11 Threshold for Authority

The threshold for approval of Recurrent Related Party Transactions is consistent with those transactions entered into with unrelated parties. Dear Sir / Madam,

**PART II: STATEMENT TO OUR SHAREHOLDERS IN RELATION TO THE PROPOSED RENEWAL OF
SHARE BUY-BACK AUTHORITY**

1. INTRODUCTION

The Company had on 06 December 2022 obtained shareholders' approval in relation to the Proposed Renewal of Share Buy-Back Authority. The authority shall lapse at the conclusion of the forthcoming Nineteenth AGM, unless the authority is renewed.

The Company had on 10 October 2023 announced to Bursa Securities on its intention to seek shareholders' approval for the Proposed Renewal of Share Buy-Back Authority at the forthcoming Nineteenth AGM.

The purpose of this Statement is to provide you with the details of the Proposed Renewal of Share Buy-Back Authority and to seek your approval for the ordinary resolution to be tabled at our forthcoming AGM in relation to the Proposed Renewal of Share Buy-Back Authority. The Notice of AGM and the Proxy Form are set out in our Company's Annual Report 2023, which is circulated to you together with this Circular.

**YOU ARE ADVISED TO READ THE CONTENTS OF THIS STATEMENT
TOGETHER WITH THE ATTACHED APPENDIX CAREFULLY BEFORE
VOTING ON THE RESOLUTION PERTAINING TO THE PROPOSED RENEWAL
OF SHARE BUY-BACK AUTHORITY.**

2. DETAILS OF THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

- 2.1 Our Company proposes to seek approval from our shareholders, a renewal of the authority to purchase up to ten percent (10%) of our total issued Shares on Bursa Securities via stockbrokers to be appointed by our Board, at any time during the authorised period.

For illustration purposes, the maximum number of STC Shares that may be purchased under the Proposed Renewal of Share Buy-Back Authority based on the Minimum Scenario and Maximum Scenario are as follows: -

	Minimum Scenario	Maximum Scenario
	No. of Shares	No. of Shares
Total number of issued STC Shares as at LPD (including Treasury Shares)	252,351,500	252,351,500
Assuming full exercise of Outstanding ESOS Options ^(a)	-	3,030,600
Total number of issued STC Shares	252,351,500	255,382,100
10% of the total number of issued STC Shares	25,235,150	25,538,210
Less: Treasury Shares held as at LPD	(22,949,254)	(22,949,254)
Maximum number of STC Shares that may be purchased pursuant to the Proposed Renewal of Share Buy-Back Authority	2,285,896	2,588,956

Note:

- (a) Based on the Outstanding ESOS Options that are exercisable as at LPD.

The authority from our shareholders for the Proposed Renewal of Share Buy-Back Authority will be effective upon the passing of the ordinary resolution for the Proposed Renewal of Share Buy-Back Authority at our forthcoming AGM until:

- (i) the conclusion of the next AGM of our Company following the general meeting which such resolution was passed, at which time the said authority would lapse unless by ordinary resolution passed at that meeting, the authority is renewed, either unconditionally or subject to conditions; or
- (ii) the expiration of the period within which the next AGM of our Company after that date is required by law to be held; or
- (iii) the authority is revoked or varied by ordinary resolution passed by the shareholders of our Company in general meeting;

whichever occurs first.

- 2.2 The Proposed Renewal of Share Buy-Back Authority will allow our Board to exercise the power of our Company to purchase its Shares at any time within the abovementioned period using the internal funds of our Company and/or external borrowings.

The amount of internally generated funds and/or external borrowings to be utilised will only be determined later, depending on, amongst others, the availability of internally generated funds, the actual number of Shares to be purchased and other relevant factors. The actual number of Shares to be purchased and the timing of such purchases will depend on, amongst others, the market conditions and sentiments of the stock market as well as the retained profits and the financial resources available to our Company.

In accordance with the Listing Requirements, the total maximum amount of funds to be allocated for the Proposed Renewal of Share Buy-Back Authority must be made wholly out of the Company's retained profits only based on the latest audited and unaudited financial statements. Therefore, the maximum funds to be utilised for the Proposed Renewal of Share Buy-Back Authority shall not exceed the aggregate of our Company's said retained profits of RM 20,520,183 based on the audited financial statements for the FYE 2023, which is the latest published financial statement of our Company. In the event our Company purchases our own Shares using external borrowings, our Board will ensure that our Company has sufficient funds to repay the external borrowings and that the repayment would have no material effect on the cash flow of our Company.

The retained profits of our Company for the last three (3) financial years are as follows:

Audited Accounts	Retained Earnings (RM)
As at 30 June 2021	25,497,706
As at 30 June 2022	18,821,112
As at 30 June 2023	20,520,183

- 2.3 Pursuant to the Paragraph 12.17 of the Listing Requirements, the purchase price of our Shares should not be more than fifteen percent (15%) above the weighted average market price of our Shares for the five (5) market days immediately preceding the date of the purchase.

In the case of a resale of the treasury shares on Bursa Securities, our Company may only resell or transfer any treasury shares pursuant to Section 127(7) of the Act at:

- (i) a price which is not less than the weighted average market price of our Shares for the five (5) market days immediately prior to the date of the resale or transfer; or
- (ii) a discounted price of not more than five percent (5%) to the weighted average market price for our Shares for the five (5) market days immediately prior to the date of the resale or transfer, provided that:
 - (a) the resale or transfer takes place no earlier than thirty (30) days from the date of the purchase; and
 - (b) the resale or transfer price is not less than the cost of purchase of the Shares being resold or transferred.

2.4 In accordance with Section 127(4) of the Act, our Directors are able to deal with any Shares so purchased by our Company under the Proposed Renewal of Share Buy-Back Authority in the following manner:

- (i) to cancel the Shares so purchased;
- (ii) to retain the Shares so purchased as treasury shares for distribution as share dividends to the shareholders of our Company and/or resell through Bursa Securities in accordance with the relevant rules of Bursa Securities and/or be cancelled subsequently; or
- (iii) combination of (i) and (ii) above.

Further, in regards to the Shares so purchased and retained as treasury shares, our Board may decide to distribute the treasury shares as share dividends to our shareholders and/or resell the treasury shares on Bursa Securities and utilise the proceeds from the resale of the treasury shares for potential investment opportunities arising in the future or as working capital.

If our Board decides to resell the treasury shares on Bursa Securities, our Company will make an announcement on the day the resale is made, providing details of the description of the Shares resold, the number of Shares resold, the resale price of each Share resold or where relevant, the highest and lowest resale price, the total consideration received and the cumulative net outstanding treasury shares at the date of notification, where applicable.

3. RATIONALE AND POTENTIAL ADVANTAGES OF THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

The Proposed Renewal of Share Buy-Back Authority will enable our Company to utilise any of its surplus financial resources to purchase our own Shares from the market. It may stabilise the supply and demand of our Shares traded on Bursa Securities and thereby support its fundamental value.

Assuming all things being equal, any purchase of our Shares, regardless whether its Shares so purchased were retained as treasury shares or cancelled, would result in a lower number of our Shares being used for the purpose of computing the EPS. The reduced issued share capital subsequent to the Proposed Renewal of Share Buy-Back Authority may improve our Company's EPS, which in turn could be expected to benefit the shareholders.

The Purchased Shares can be held as treasury shares and resold on Bursa Securities at a higher price with the intention of realising a potential gain without affecting the total issued share capital of our Company. Should any treasury shares be distributed as share dividends, this would serve to reward our shareholders.

4. POTENTIAL DISADVANTAGES OF THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

The Proposed Renewal of Share Buy-Back Authority will temporarily reduce the financial resources of our Company. This may result in our Company foregoing other investment opportunities that may emerge in the future or, at least, deprive our Company of interest income that can be derived from funds to be utilised for the Proposed Renewal of Share Buy-Back Authority.

It may also reduce the amount of resources available for distribution in the form of dividends to you as funds are utilised to purchase our own Shares. However, the financial resources of our Company may recover and increase upon the re-selling of the Purchased Shares held as treasury shares.

Notwithstanding the above, our Board is of the view that the Proposed Renewal of Share Buy-Back Authority is not expected to have any material disadvantage to you as well as our Company as it will be implemented only after careful consideration of the financial resources of our Group and the resultant impact on our shareholders and our Company.

5. EFFECTS OF THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

The effects of the Proposed Renewal of Share Buy-Back Authority are as follows:

5.1 Share Capital

In the event all of our Shares authorised under the Proposed Renewal of Share Buy-Back Authority are purchased and such Purchased Shares are cancelled, the issued Shares of the Company will be as follows: -

Total number of issued Shares	Minimum Scenario No. of Shares	Maximum Scenario No. of Shares
Existing as at LPD (including Treasury Shares)	252,351,500	252,351,500
Assuming full exercise of Outstanding ESOS Options	-	3,030,600
Enlarged total number of issued STC Shares	252,351,500	255,382,100
Assuming cancellation of STC Shares purchased under the Proposed Renewal of Share Buy-Back Authority	^(a) (2,285,896)	^(a) (2,588,956)
Assuming the cancellation of the Treasury Shares held as at LPD	(22,949,254)	(22,949,254)
Upon completion of the Proposed Renewal of Share Buy-Back Authority	227,116,350	229,843,890

Note:

(a) *Being 10% of the total number of issued STC Shares less Treasury Shares held by STC as at LPD.*

However, the Purchased Shares under the Proposed Renewal of Share Buy-Back Authority would be retained as treasury shares, resold on Bursa Securities and/or distributed to our shareholders as share dividends or a combination of these.

In this respect, the Proposed Renewal of Share Buy-Back Authority will have no effect on the issued share capital of our Company.

Pursuant to Section 127(9) of the Act, while the Purchased Shares are held as treasury shares, the rights attached to them in relation to voting, dividends and participation in any other distribution and otherwise are suspended. The treasury shares shall not be taken into account in calculating the number or percentage of shares or of a class of shares in our Company for any purposes including substantial shareholding, takeovers, notices, the requisitioning of meetings, the quorum for a general meeting and the result of a vote on a resolution at a general meeting.

5.2 NA

The consolidated NA of our Company may increase or decrease depending on the number of Shares purchased under the Proposed Renewal of Share Buy-Back Authority, the purchase prices of its Shares, the effective cost of funding and the treatment of its Shares purchased under the Proposed Renewal of Share Buy-Back Authority.

The Proposed Renewal of Share Buy-Back Authority will reduce the consolidated NA per Share when the purchase price exceeds the consolidated NA per Share at the time of purchase. On the contrary, the consolidated NA per Share will increase when the purchase price is less than the consolidated NA per Share at the time of purchase.

If the Purchased Shares under the Proposed Renewal of Share Buy-Back Authority are held as treasury shares and subsequently resold on Bursa Securities, the consolidated NA per Share would increase if our Company realise a gain from the resale or vice versa. If the treasury shares are distributed as share dividends, it will decrease our Group's NA by the cost of the treasury shares.

5.3 Working Capital

The Proposed Renewal of Share Buy-Back Authority will reduce the working capital of our Group, the quantum of which will depend on, among others, the purchase prices of the Shares, the actual number of Shares purchased and any associated costs incurred in making the purchase.

However, if the Purchased Shares kept as treasury shares, are resold on Bursa Securities, the working capital of our Group would increase if the Company realised a gain from the resale.

The quantum of the increase in the working capital will depend on the actual selling price of the treasury shares and the number of treasury shares resold.

5.4 Earnings and EPS

The effect of the Proposed Renewal of Share Buy-Back Authority on the consolidated EPS of our Company will depend on the purchase prices paid for the Shares, the effective funding cost to our Group to finance the purchases of the Shares or any loss in interest income to our Group, if internally generated funds are utilised to finance the purchase of the Shares.

Assuming that any Shares so purchased are retained as treasury shares and resold on Bursa Securities, the effects on the consolidated earnings of our Company will depend on the actual selling price, the number of treasury shares resold and the effective gain or interest savings arising from the exercise.

5.5 Dividends

The Proposed Renewal of Share Buy-Back Authority is not expected to have any material impact on the policy of our Board in recommending dividend, if any, to the shareholders. However, our Board may distribute future dividends in the form of the treasury shares purchased pursuant to the Proposed Renewal of Share Buy-Back Authority.

5.6 Directors and Substantial Shareholders' Shareholdings

5.6.1 Directors

(1) Deemed interest by virtue of his/her shareholdings in Omega Attraction Sdn. Bhd. pursuant to Section 8(4) of the Companies Act 2016 and by virtue of his/her spouse's direct interest in the Company.

6. PURCHASE, RESALE AND CANCELLATION OF TREASURY SHARES MADE IN THE PRECEDING TWELVE (12) MONTHS

For the FYE 2023, our Company did not purchase any own Shares from the open market. There was neither any resale of treasury shares by our Company during the FYE 2023.

As at the LPD, the total number of Shares purchased and retained as treasury shares was 22,949,254.

There was no resale and cancellation of Treasury Shares in the previous twelve (12) months up to LPD.

Further information on the purchase or resale by our Company of its own Shares is set out in the Note 23 of the Notes to Financial Statements in our Company's Annual Report 2023.

7. PUBLIC SHAREHOLDING SPREAD

As at the LPD, the public shareholding spread of our Company was approximately 50.42%. For illustration purposes, based on our Company's public shareholding spread as at the LPD, assuming the Proposed Renewal of Share Buy-Back Authority was carried out in full, i.e. up to 10% of our Company's issued share capital, the Shares are purchased from its shareholders who are deemed public and the purchased Shares are held as treasury shares, the pro-forma public shareholding spread of our Company is expected to be 49.07%. However, our Board undertakes that any proposed purchase of its own Shares would only be conducted in accordance with the laws prevailing at the time of purchase including compliance with the 25.00% public shareholding spread as required under the Listing Requirements.

8. IMPLICATION OF THE RULES

Pursuant to the Rules, a person and any person acting in concert with him will be required to make a mandatory offer to acquire the remaining shares of the company not already owned by him if his shareholding in the company is increased to beyond thirty-three percent (33%) or if his existing shareholding in the company is more than thirty-three percent (33%) but less than fifty percent (50%), his shareholding is increased by more than two percent (2%) in any six (6) months period.

On the assumption that the Proposed Renewal of Share Buy-Back Authority is carried out in full, the Proposed Renewal of Share Buy-Back Authority will trigger an obligation for the substantial shareholders to undertake a mandatory offer under the Rules as a result of the Proposed Renewal of Share Buy-Back Authority under both the Minimum and Maximum Scenario. However, the Company will only proceed with Proposed Renewal of Share Buy-Back Authority to the extent that it will not contravene the limit as provided under the Rules.

9. APPROVAL REQUIRED

The Proposed Renewal of Share Buy-Back Authority is subject to and conditional upon the approval being obtained at our Company's forthcoming AGM.

10. INTERESTS OF THE DIRECTORS, SUBSTANTIAL SHAREHOLDERS AND/OR PERSONS CONNECTED TO THEM

Save for the proportionate increase in the percentage shareholdings of the Directors and substantial shareholders in our Company as a result of the Proposed Renewal of Share Buy-Back Authority, none of the Directors or substantial shareholders and/or persons connected to them, has any interest, direct or indirect, in the Proposed Renewal of Share Buy-Back Authority or the resale of the treasury shares, if any.

11. DIRECTORS' STATEMENT AND RECOMMENDATION

Our Board, having considered all the aspects of the Proposed Renewal of Share Buy-Back Authority, is of the opinion that it is in the best interest of our Company. Accordingly, our Board recommends that you vote in favour of the ordinary resolution pertaining to the Proposed Renewal of Share Buy-Back Authority to be tabled at our forthcoming AGM.
